

include/typedef.h

```
graph TD; A[include/typedef.h] --> B[stddef.h]; A --> C[sys/types.h];
```

The diagram illustrates a header file dependency. At the top, a gray box labeled 'include/typedef.h' has two blue arrows pointing downwards to two white boxes. The left box is labeled 'stddef.h' and the right box is labeled 'sys/types.h', indicating that 'include/typedef.h' includes both of these headers.

stddef.h

sys/types.h
